

BECCA

I am a young, masters student living in a busy city who you can always find at the nearest Starbucks. I am full of energy and can talk to a brick wall for hours.

Many of my friends admire my determination to get what I want in life which can sometimes be my weakness. I never want to give up on goals, situations, or people. Sometimes this can lead me down rabbit holes and result in a lot of wasted time. I hate when people tell me no. On the bright side, it makes me a very loyal person and I will go to great lengths to make people happy. My friends and family also love that they can count on me to plan anything. I love to plan parties, events, meetings, and my days. I cannot function without a plan.

Lifestyle/Activities

I spend most of my time at school or studying. In the free time I have, I like to go out with friends, cook, bake, and work out. To make a little bit of money, I walk dogs and work for someone as a personal assistant. I am very close with my family and enjoy being around them the most. I also love to go shopping and be outdoors!

Passions

My biggest dream in life is to be comfortable and happy. I want to go to a job everyday that I enjoy and come home to a loving and large family. I strongly believe that true happiness comes from the people in your life.
